Medicaid Pharmacy News

Dear Pharmacies:

March 3, 2021

Important Pharmacy Enrollment Updates

NEW ENROLLMENT VENDOR COMING SOON

Wyoming Medicaid will soon be transitioning to a new pharmacy enrollment vendor, HHS Technology Group. The current enrollment system will be transitioned from Change Healthcare's Pharmacy Portal the new provider portal to allow completion of enrollments, re-enrollments, re-validations, and document uploads necessary for each pharmacy's provider file.

IMPORTANT DATES AND CONTACT INFORMATION

If your pharmacy is due to re-enroll soon but have not yet started the process, please wait until you receive notification from the new vendor HHS Technology Group. You will still be required to complete your re-enrollment but can do so with no lapse in active status if completed with the new vendor once prompted to do so.

If you are currently completing the enrollment process all supplemental documents must be sent in as soon as possible to avoid delays in processing. All documents must be received by March 15th, any documents received after this date will be returned and the process will have to be restarted and completed with HHS Technology Group.

If a new pharmacy enrollment is required, the deadline for submission is Friday, March 5, 2021. Wyoming Medicaid will not be enrolling any pharmacies during the upcoming blackout period while we transition to the new system. If your email, phone, or mailing address have changed, do not delay. Please update this information now or we may not be able to contact you.

If you have any questions, please contact the Change Healthcare Pharmacy Help Desk at 877-209-1264.
